

2018 SUISUN VALLEY ZINFANDEL

BRAND STORY

Tolenas Winery was built on a foundation of family—with a passion for this land that has abundantly provided for generations of California winemakers. Our winemaking philosophy centers the vineyard and fruits as the focus, abstaining from disturbing the vines with chemicals or unnecessary additives. Our products reflect a commitment to both protecting the land and preserving the integrity of our wines. While making wines like this is risky, we wouldn't have it any other way.

VINEYARD INFO / REGION

Our grapes are grown on the slopes of the original Rancho Tolenas, the Mexican Land Grant spanning Napa and Solano Counties. Located just east over the Vaca mountains from Napa Valley, the Suisun Valley is nicely situated to get both coastal breezes and plenty of direct sunshine. Our Zinfandel not only showcases the versatility of the grape itself but also how the AVA delivers on complex flavors and classic varietals.
